

Senator Engle Asks Serious Narcotic Fight

Calling for "a sweeping assault on the nation's narcotics problem", Senator Clair Engle (D-Calif.) urges that a White House Conference be planned to focus national attention on the problem.

The California legislature author of a resolution which would place the 87th Congress on record in support of the conference.

INTRODUCING his resolution in the Senate Friday, Senator Engle said.

"The situation has become so serious in the last few years that we can no longer disregard the need for a new and approach to the problem."

He explained that his resolution calls for a White House Conference similar to those held on education, youth and aging.

The Conference would be charged with recommending ways to clarify Federal, State and local authority for narcotics control and to secure uniformity of enforcement of laws and penalties.

SENATOR ENGLE said it would also recommend steps to be taken in coordinating activities of government agencies and suggest machinery for a program of continuing international consultation on narcotics problems, particularly between the United States, Mexico and Canada.

In addition, his proposal would have the Conference take up the problem of a Federal-State hospitalization program, as well as other aspects of the program of narcotics traffic and addiction.

"The traffic in narcotics keeps increasing every year. The number of narcotics arrests in California tripled between the years of 1952 and 1959," he said.

Glendale S-L Continuing Flower Show

Charles T. Cederlof, manager of the Lomita office of Glendale Federal Savings and Loan Assn., has announced that the association is continuing its Festival of Flowers due to "increased business activity."

Cederlof said that the "popularity of the permanent artificial flower arrangements and cut flowers has been tremendous and our business activity has increased accordingly."

Glendale Federal's Lomita office, at 2233 Lomita Blvd., is currently offering a wide variety of free flower arrangements and cut flowers to customers who open a savings account — or add to one — in amounts ranging from \$250 up, he said.

"This is one of the finest business periods we have ever experienced," Cederlof said. "It's a good thing that we did not have to grow these flowers. The demand has been so great we couldn't possibly have done it in the large quantities needed."
